

### Nelson Carts on Towable Trailer Frames!

Take your products to the people with this convenient long distance version of our popular pushcarts. Now, there is no reason not to take your ice cream with you to outside catering events.

All of Nelson Outdoor Mobile Scooping Carts and Frozen Novelty Pushcarts can be manufactured on towable frames for easy transport to and from profitable off-site ice cream sales, tastings, marketing or catering events.

Constructed of heavy duty steel, durable rubber tires, and complete with lighting, Nelson trailer are built to last. Freezer boxes are then welded to the frame for a secure towing package.
